Hello Ken and Ron:

It's my understanding that the letter from the Big 10 has been circulated to broader circles (by them). Do you have any objections to it being shared with the Board and the Broader University community? There is a quote that has been provided for Rod Erickson's use in responding that states, ""We understand the concerns of the Big Ten Council of Presidents and Chancellors, we intend to work with them to fulfill the Big Ten's needs for information relative to this matter, and I will participate with the other presidents and chancellors in their upcoming discussions."

Thanks,
 Paula

Paula,

It might be worth pausing a bit until we have absolute clarity about how the Big Ten will proceed. Their lawyers are working with Judge Freeh on how the Big Ten will "participate".

President Erickson asked that I send the below message to you:

Ken and Ron:

Attached for your information is the official letter I received from Jim Delaney relative to the Big 10's desire to have their legal counsel participate in the investigative process with respect to institutional control, ethical conduct and/or other compliance issues. As reported by Ron in the briefing update to the Board last week, I know that you've had conversations with the Big 10 and the NCAA on this matter.

I would like to share the letter with the remainder of the Board as well as to the University community, assuming that you have no objections.

Thanks,
Rod
