Omar –

Happy New Year. I hope that all is well. Attached are advance materials for our call tomorrow morning. As discussed, this informational briefing is being provided to your team to illustrate how the NCAA enforcement staff historically has examined issues involving institutional control and ethical conduct. We hope that it will be helpful as you independently examine similar issues related to your charge. Of course, it goes without saying that at this time the NCAA does not have an open enforcement inquiry or investigation into to the issues at Penn State and this presentation is not focused on that institution. We hope to get you the additional information we discussed in short order.

To structure our discussion, note that we will walk through the power point slowly and the only supplement that would be good to read in advance is Number 3, which you may already have. The others are background reference material. Look forward to talking to you.

Warmest Regards,

Donald
