**Importance:** High

**TO:** Members of the Board of Trustees

Chairman Peetz asked that I distribute the below communication with you:

*As many of you have seen in today's news reports, the U.S. Attorney's office for the Middle District of Pennsylvania served a subpoena on the University for various records relating to the Sandusky matter. Please find attached a copy of the subpoena, which we are posting on the Openness website. The University is cooperating fully with the U.S. Attorney's office. From the Board's perspective, the most noteworthy item is that the federal grand jury is seeking records relating to payments by Board members to the University or to third parties on the University's behalf. As you will see, the information requests are very broad, and our lawyers are working with the U.S. Attorney's office to identify the records that its investigators need.*

*We'll circulate under separate a statement that will be issued on our behalf as well as the Administration's statement. Please feel free to call me, Frank, or Lanny if you have any questions.*

*Karen Peetz*
