In my experience, these 'tell-all' books are long on promises and short on substance...

Off the record – this is what the publisher says:

They lay out a strict time-line that shows reports were made to top Penn State officials dating back to 1998 that shows a wide assortment of folks on the Penn State campus and Second Mile knew of

accusations against Sandusky, but did almost nothing. The detailed time-line shows clearly what almost everyone on the campus knew and when they knew it. As for Paterno, they have several people who say he knew everything on that campus, and that he surely would have known about allegations against Sandusky in 1998.

The strength of their investigation is the comprehensive nature of it. They can put Joe P's entire life into perspective, Jerry's 5 entire life/career/home life into perspective, interviewed students, former coaches, administration, etc. The reveals are more about putting all the pieces together to finally unveil what really happened and *why*.

They also have a list of their contacts that would consider doing the show with them, including:

Ben Andreozzi, The lawyer of "Victim One" who says he was abused by Sandusky over a four year period.

Marci Hamilton Lawyer who filed the lawsuit on behalf of one victim who says he was abused 100 times by Sandusky.

Michael Boni Lawyer who represents the child whose reports from Central Mountain High School, who ultimately caused the statewide grand jury probe to begin.

Howard Janet Lawyer who represents "Victim Six," the first case that was reported in 1998 about Sandusky in a locker room shower with a child.

Joseph Amendola Sandusky's lawyer

Jerry Lauro a former state public welfare investigator who probed the 1998 allegations against Sandusky.

=====
Moushey & Dvorchak have interviewed a dozen former Penn State football players, four former assistant coaches, five members of Penn State board of trustees and dozens of alums. Overall, they had 85 + on-the-record interviews. spent weeks in State College conducting interviews, covering hearings and the events surrounding Joe Paterno's death.

GAME OVER / On sale April 17

Investigative journalists, **Bill Moushey** and **Bob Dvorchak**, go behind the headlines to expose the hierarchy of lies that enabled assistant coach Jerry Sandusky to sexually abuse at-risk young boys for years. What they discover in **GAME OVER** shatters the pristine image of the "Happy Valley" culture of Penn state and reveals a cover-up more extensive and irresponsible than anyone imagined.

GAME OVER discusses:

- **The Scandal:** From the beginning, how a beloved coach and stemmed university became enmeshed in one of the worst scandals in U.S. sports history with specific information never before reported.
- **The Cover-ups:** An inside look at how investigations into sexual abuse claims made towards Sandusky in 1998 and 2002 remained shameful secrets from the authorities and never went beyond Penn State.
- **The Psychology:** How the insular world of Penn State and a unified code of silence allowed Sandusky to actively operate on campus for years.
- **The Rise of Joe Paterno:** How a Brooklyn boy became the most storied college football coach of all time and his precipitous fall from grace.

Also included are firsthand accounts of Joe Paterno's passing as well as details from the camps of Penn State officials charged with perjury.

The Experts: **Bill Moushey** is a Pulitzer-prize nominated investigative journalist who specializing in documenting abuses of the criminal justice system. **Bob Dvorchak** is a sports journalist with a career at The Associated Press (1976-1995) and The Pittsburgh Post-Gazette (1995-2011).
