This looks good, Ken.... Also want to talk offline with you in the next day or two regarding the ultimate workproduct from Freeh. Our discussion with them lately has focused on the situation surrounding the allegations, but I think we need to make sure that they also continue to aggressively pursue mission to bring forth recommendations regarding board/administration oversight issues, with the appropriate recommendations. Don't want to drop the ball on that one...

All is (relatively) good – and that statement is always best made relative. Once again coming into the budget season, and now that the primaries are over the legislature will be back in town for the sprint to budget.....

Hope things are good at your end.

Look forward to catching up next week

Hi Ron,

Attached are some talking points that the Freeh team has prepared for the upcoming May board meeting. The plan would be to deliver some version of these remarks at the public meeting.

Are you ok with these?

Are you ok, ok?

I think it would be useful to provide some kind of report given what the University is spending. I am not suggesting that we get into substantive details, of course. Also if there are comments on what we've done thus far on interim recommendations or additional recommendations that would be ideal. Your thoughts?

Keith, Ira, and Ken:

I am working on the Board agenda for the public session on Friday, May 4. As you know, an agenda item is included "Reports from Standing Committees." All five committees are included/listed for reports.

Will the Committee on Audit, Risk, Legal and Compliance have anything to report at the public session such as:

- a. Update on the Special Investigations Task Force
- b. Subcommittee on Legal
- c. Subcommittee on Audit

Keith has indicated that he will not attend the May meeting and that Ira Lubert will chair the committee seminar. If there is nothing to report at the PUBLIC session, Ira can simply note that there is no report.

Please advise.
 Paula
