Subject: PSU Update

Donald and David-

My conference call today with Pres. Erickson and the other folks involved was very positive and encouraging. I think we will very quickly get to a point where PSU agrees with the ideas that have been put forward - perhaps with a little windage, but not much - so that Mark Emmert will be able to make a presentation to the NCAA Board that can be defended.

Later tonight or in the morning I will send out to you two an agenda for what I would like to talk through tomorrow. Pres. Erickson clearly understands Penn State's position and I gave them my take on what they should do.

Given the recent criticism regarding the Penn State board being too passive and not adequately informed, he will need to have a good plan to air these ideas while trying to maintain confidentiality - not an easy thing to do - but it must be done.

I look forward to getting your input and thoughts tomorrow.
